EDUCATION ACT (LAW), HOMESCHOOLING ACT (LAW), FACE TO FACE COMMUNICATION ACT (LAW), NO CHILD LEFT BEHIND ACT (LAW), EQUAL PARENT RIGHTS ACT (LAW).LAWS ALREADY ESTABLISHED IN LEGISLATIONS AND CONGRESS GOVERNMENT.

Healthy Parental Corrections & Educational Institutes

Creating healthy correctional facilities for the structure of better home

Throughout our daily lives and every journey travelled against, We often see some of life's most precious stories blessed to journey along with, as love unfolds beauty each step individually revealing God's atonement into our hearts open fire every few here and there living in a world of struggle, as others see beauty remembered through Christianity, Obtaining personal spirit relations. While some are

also remembered by the faith they had kept as few even dance with the holy ghost ignited inside, like a city on a hill for all the world to see. Even the few chosen sing with, spiritual relations protect the heart of the living one traveling along, adventuring beyond temptations and trials from this stormy weather condition that all too often strengthens us with remembered in places like our home town Longview, beautiful Sacagawea Native American honored by strength as She having Integrity and dignity. Traveled many miles through each season, as she found Longview. This place being in the top 100 in America the most Beautiful in her remembrance to her strength and dignity Her sacrifices made, strengthened her with Great Honor, this we remember through our times of struggles, the strength she carried still remains with leadership as her spirit her guidance through leading us through hardship

most Beautiful places people come to visit and driving on through along their ways to Lewis Clark reservation's This town of ours being our home in Longview being in the top 100 of beauty, from sea to shining sea. Cowlitz holding such Beauty in remembrance of Beautiful Native American Sacagawea is a Native American having a beauty displaying her dedicated strength to not only her family, her Chief, and her Beautiful home, she is remembered by us here in Beautiful Longview as it is sad to see the filth taking away from the truth we Cowlitz tribe in Longview really are. We beautiful native American have a beauty within us that I pray stays strong in Honor of Sacagawea and her Chief. With thanks and appreciation to all Cowlitz committed responsible advocates and positive influencing individuals, advising leadership having a devotion to transitional in-between stages of the adults transferring from or on papers looking to stay focused, with all focus at his child's best interest and comforts. Coming from outside of prison facilities, with the intentions of new life and family accommodations, having the attitude of steadfastness to connect with counselors and tutors guiding education of career focus for job workmanship development, knowing the easy return to street lifestyle obtained by prison residence and gang membership, can easily be a distraction, knowing the easy money

availabilities next door. As we choose to push forward with nurtured strength placing structure and stabilities with role model is displayed for your children ending organized, career driven and fundamental representing aspects of a father/Mothers leading positions to end with you as their actions go without knowing the rebellious criminal activities, developed fundamentals of a bonded child to parent relation of Love and logics and face to face communication and early childhood education developments constructed by your persevered endurance of commitment to goal who take more individual time guiding with goal oriented deliverance and educated fundamentals, providing a safety net with no failure for future families dedicated to true change in lifestyles only leading down dead end streets. Stability in financial areas as well as completed work accommodating healthy resumes giving choice. Workforce leaders coming alongside family on doc whom accommodate with local resources working with programs such as Work Release, Doc, Celebrate Recovery Ministries, oxford houses, Mountain Ministries. Cowlitz county has a high percentage of changing families encountering Religious aspects and fundamentals leaving most adequate room for career opportunity as others in our community experience the pain swallowed inside by Ryans recent death. His heart as a father was what all would say beautiful and caring as he often spoke of reconciliation. Ryan loved his three kids with a love that encountered obstacles, Prison being one of the struggles as it's hard to believe this time he is never getting out, prison obstacles is a serious struggle for living a career in future as most opportunities are not much harder to obtain when entangled in the population of criminal. statistics goes to show judgment and opportunities given as most are found to return as an inmate repeating the cycle of a lifestyle hard to step away from. Having more career opportunities available for all equality needs to be influenced and guided with acceptance to past failure, as our societies have been flooded lately with percentages we are in hopes to lower for the safety and structure of family lives. Following below are the hopes of lowering, as we gain and stabilize together as community and heart living healthy lives of influence

and structure. Positive constructions on positive correctional criticism desensitising the institutionalization mentality in an institutionalized fundamentally developed inmate needing change of guidance and literacy structure and guidance directed face to face having healthy interaction and one one one early education developmental aspects creating individuality and reality to the isolated state of mind in the percentage of cycling inmates needing government's leading structure carefully assets and guided with workmendationship and career leading constructs conducting healthy parental education at the child's best future interest of career developing personality traits with no child left behind.

IN HOPES TO LOWER PERCENTAGES OF HIGH SCHOOL TEEN SHOOTINGS

Discussion topic in regards to lowering statistics in America

- **Lowering the %** of our Child adolescent behavioral reflecting from separation anxiety and inmate anxiety caused by separation. created by separating parental bonds from their children entrusted to them from God alone.
- **Lower the %** of Child adolescent Depression and isolation created by separation the child from the parent creating a broken depressed window of deception, in a child's thought pattern process while the parent receives correction
- **Lower %** of Child loss of focus and drive to study accidemics as discontentment and frustration leading to rebellion
- **Lower %** of Child behaviors altering into negative fundamental aspects of juvenile detention and criminal youth at risk programing choices and decision making are likely made out of rebellious thoughts and feeling point of reacting

to separation as withdrawn

- Lower % of passive aggressive adolescent behaviors after left without parental incarcerated having built up frustration ready to explode.
- Lower % of Child counseling and medication become a stimulate vs. conditioner and stabilizer curiosity for other drugs and developed behaviors such as violence and weapons brought to school.
- Lower % of Child adolescent rebellious criminal activity created from separation leading to each high school shooting already happening.
- Lower % of Child dropouts in high schools & lack of work motivation.
- Lower % of Child & teen running away grand theft auto from new family, foster child rebellion.
- Lower % of Teenage pregnancy and Sexual Deviant behaviors seeking out any positive or negative behaviors from whom ever gives attention, negative feeds negative, positive feeds and nurtures maturity.

The child at home hurting is at most importance as he/she are the overlooked. sometimes life takes a turn on people and time and time again they say " I got this shit" or "I ain't Going back" some another dollar another day and what's up baby girl. Home boy this and Homie that. Christianity is more that talking about something you want or what you may have done, it's about being grateful for the small things.

Parent's practicing religion having rights to practice their higher education fundamental aspects of nurture and Christian lifestyle daily devoting to developing a sense of career ready and equal opportunities of responsible and time appropriate

career ready hands on organizational developmental aspects of financial training, state cap and dshs financial departments of training development of stability of spend. Creating joint accounts with bondings for child's future. Placing aside a match of 10% of each financial establishment linking to bank trust fund in child's name, contracting them to financial resource at the age of 18. This is structure leading to no cycle returning, our end goal is tomorrow's generation, as today's generation's goal is ending a residential stay in correctional facilities. communication skills of training obtained set apart from others having in them a developed relationship with the spirit of the one true God living inside with them having Faith Guiding their pathways as we eagerly guide our own as each individual in prison has plenty of time to think as the consciousness that is depending on a constant transmitting reciprocating signals, coming from the trees in the psychiatric development part of the brains conscientious, This then being called the chemical chamber Dendrites, Having a build up of three separate chemical's molecules, atoms and protons, these chemicals are made up of and produced by combining together in the dendrites chemical process through the breeze trees chemical development in the brain canal. Specifically as we fundamentally think and react in our temporal lobe stemming from our limbic and photosynthesis as our behavior motor control is created by the thought and chemical build releasing to then our conscientious. As this develops each chemical reaction in our behaviors, just three chemicals joined together as molecules, neurons and protons, we can now behave in our right state of mind without stupor and psumor chemical development dependant. While this also then Depending on the stabilisations and conditions of our out of control behaviors and mental fundamentals and criminal mind sets. Some more then others, needing enforcements as we adjust to each accordingly as repercussions are aware, awake and alert to all behaviors and traits. as the electric wave is a behavioral condition in need of stability of chemical Alpha Courts or mercury vapor from substance 2 ephrine chemically designed by pharmaceutical elements. This being used for the control of ADHD and Ed what is

it that we are allowing ourselves to reciprocate and react a reciprocated receptor from our pustular chemical off set of misbehaved stupor motor control, needing stabilization of a alpha courts stabilizer balancing and enforcing conditioned control of normal behavior, having then a positive impression activating conditioned atmosphere well balanced conduct of ordinary behaviors having daily agenda's met with functionable aspects of well behaved and conditioned personal identity. This I have you know is extremely at value of importance, knowing, having, and acting with our individuality personalized and produced by chemical condition, balancing within personality traits and temperamental disputes and disfunction communicating contaminated molecules delivering indications indicating relapse mode of conduct conducting release of motion to our motor behavior ironically speaking words of communication action. Words speak louder than words as thinking about what we are thinking about is a process and takes atmosphere and personal relationship built upon the spirit. Having religious law at practice with love and nurture speaking to the heart through the chemical perception of balancing matter waves determine electric cloud. education and psychological evaluation clients in pharmacy routine.

Looking create creativity creating personal traits and characteristics of healthy melancholy, dogmatic, phlegmatic and even sanguine abilities reacting to each agenda appropriately within law and reasoning matter. This natural chemical producing within character subject valuated and assets for parenting counselor in our brain waves creating messages reciprocating signalings to our limbic gland (Gaba) controlling motions of our motor behavior. Developing a sense of reality knowing our own chemical build, makeup and temper of trigger, reaction let be at stability obtaining higher homeschooling academics with quality parent to child reading education together fundamentally developing a steadfastness of child's personal individuality creating healthy futures and level ups for facilities instituting parental higher homeschooling together awareness. Our state of mind controlled with reasoning and stability structured by daily work crews and ministry religious practice

and homework from instructors giving daily grades for inmate word studies using concordance and dictionary and biblical developments having religious practice at a healthy reconstruct gently guiding every fallen brethren leaving no inmate left behind as our pledge upon biblical oaths and relations to our each and every governing inmate left at our discretion and compliance being mandatory of passing each curriculum before release. The law states nine tense of the law is possession, this then meaning the ownership of an individual under corrections residents. Having inmates in possession they shall be carefully guided and directed with healthy studies nurturing their child like behaviors, if they had acted as though they were children then they would not know the accommodations of adult like fundamental aspects and reactions having healthy goal oriented lifestyles like the very golden law itself. Having futures in mind dedicating time and reference to parental structures and daily agendas with time based act of study leaving absolutely no room for lazy isolation behaviors with high volume of inmate return and lack of leadership or child reconciliation. Promoting adult behaviors of parental devotion to child electives of woodshop, this molding togetherness and activities for creativity child to parent development time, carefully listening to the child's obtained fundem to salvation and growth in maturity.

Individuals having their own personality traits as well as perspective, it is adequately at importance to know each trait of their own and of their child as well. One of four personalities are Melancholy, Phlegmatic, Dogmatic and Sanguine personalities within one another. Having a individual personality to cope with, that being, "your own" allow process time for think, allowing healthy Temporal lobe reactions and reasoning inside both your mind and your heart. The process and production of our brain mentalities and chemically inclined human developmental functions and chemical processed consciousness (RCA) impressing stabilized fundamental aspects of physical and psychiatric limbic transmitting signals from the brainstem thalamus neural pathways called reticular, Reacting to this is the activating system, allowing the ions to have impression. Having this in your mind, thinking of the thoughts and

the process of the thoughts and putting in the equation the consciousness of behavior and impressions what is it that we are allowing ourselves to reciprocate and react a reciprocated receptor from our pustular chemical off set of misbehaved stupor motor control, needing stabilization of a alpha courts stabilizer balancing and enforcing conditioned control of normal behavior, having then a positive impression activating conditioned atmosphere well balanced conduct of ordinary behaviors having daily agenda's met with functionable aspects of well behaved and conditioned personal identity. This I have you know is extremely at value and importance, knowing and acting with our individual personalized and produced by chemical condition, balancing within personality traits and temperamental disputes and dysfunctions communicating contaminated molecules delivering indications indicating relapse mode of conduct conducting release of motion to our motor behavior ironically speaking words of communication action. Words speak louder than words as thinking about what we are thinking about is a process and takes atmosphere and personal relationship built upon the spirit. Having religious law at practice with love and nurture speaking to the heart through the chemical perception of balancing matter waves determine electric cloud. This chemical reasoning the matter allowing mercury and dopamine, epinephrine giving the control relaxation to memory photosynthesis formulating a neutralized photo genic chemic absorbing to the impressing indict thinking before acting as pharmaceutical sees to the equation its best conditioning treatment being alpha courts stabilization indicates release of behavior creating positive motor and behavior control. When we can clearly think through our think tank of stabilized clarity and calm proceeds addressed, we are at most conditioned and well behaved at the allowance of his acceptance flooding the atmosphere with his aroma as we walk one with his ever so angelic touch guiding our every a lined motion into his faithful perspective of the one whom is in you whom is greater than the world, while there's nothing you have done that will ever change his perfect love he has for you and knowing his plans already set along just for you to endure life

hardships as well as long suffer and things he will be faithful in the much and he that is unrighteous in the very least he will then also be unrighteous in the much. As we are God's children and he is instilled within us, we become a image projected as a city on a hill. Shining for the entire world to see. Greater than that, think, your child is watching you first hand. and it shall be greater for you to place a millstone around your neck and be casted into the depth of the sea. The dictionary states evildoer is a person who commits profoundly immoral and malevolent deeds."(Luke 16:10)

Like the word says:

Repay no evil for evil, but give thought to do what is honorable in the sight of all. if possible, so far as it depends on you, live peaceably with all. beloved, never avenge yourself, but leave it to the wrath of God, for it is written, Vengeance is mine, I will repay, says the Lord" to the contrary, " If your enemy is hungry, feed him;if he is thirsty, give him something to drink; for by so doing you will heap burning coals on his head' Do not be overcome by evil, but overcome evil with good.
(Romans 12;17-21)

Like the word says:

There are six things that the Lord hates, seven that are an abomination to him: haughty eyes, a lying tongue, and hands that shed innocent blood, a heart that devises wicked plans, feet that make haste to run to evil, a false witness who breathes out lies, and one who sows discord among brother.
(Proverbs 6:16-19)

Correctional establishments construct a environment of disciplinary acts set at fundamental development of goal oriented fundamentals. Change set for structured goal in life style. Communication and dedication motivated by your loved ones creates reconciliation and relations creating safe, healthy environments for you to struct together your relation with your child at best interest and topic. Having child's education and future setting your motivation, oriented communication fundamentally developing and reconstructing the ideals and healthy aspects of parental environmental upbrings. Correction allowing structure to reconcile the foundations at first the home, the education and the government, as the Faith, Morality and education are before the law as our four founding fathers proclaim dedication of independence day as government reconciles their own government, back to reality of america's foundational structures and monuments and states of legislations building establishments and law set for congress. Constructions congruent behaviors mandate and evaluate each motion as we the people pledge to dedications, always having child's future and education at conclusion.

Not just adults being thought of during corrections as the no child left behind and homeschooling act and higher education act and equal rights and freedom of speech act and independency govern the constructs and struct each state to congress and future. Confessing Law by mouth and leading by example as the child's ions impressions reciprocate the dendrites trees of chemical matter and behave at alpha courts stabilization. we acknowledging stupar limbic motor lobe behaviors reacting in positive and critical thinking as positive corrections is the law of religious practice above all authorities and leadership positions as there is no other law or God before the "ra" religious law having ministry practice mandatory for the law to allow when practicing christianity. God in government is not a god of separation of children being left behind. while christianity is the law and child's education and future at best interest decreases the percentages of adolescent separation anxiety, leading to depression and isolation and rebellious criminal matters, eventually ending the life of innocent children in a teen high school shooting. The

lives of students and parental dedication is at best interest as we have hopes to decrease the percentages of these tragic events leading local news channels all across america's general population and society. Having set long term and short term goals with your career and child at best interests, as we shift into ending the cycle before it ends you. Ultimately creating the streets to be healthy again when it was structured at Faith, Morality, Education, Law and justice. Developing Institutions with "love and logics" and "shepherding a child's heart 15 week video series. of christian fundamental aspects with nurturing communication and face to face disciplinary advice With (Tedd Tripp). and homeschool christian paces based of presidency academic education of encyclopedia learning, working one one one with our child as quality time is important and constructs healthy relations with educated individuality fundamentally developing fundamentals of healthy constructed nurture in a child's environment with the parents healthy correctional Institute of no child left behind. recognizing reconciliation and dedication motivating inmates to futures with healthy career oriented futures with hands on communication skill training of responsible with academical and fundamental aspects of organized, and educated responsibilities always on time for 1-10 years of communication skill institute program. this just being one of the many leading facts of obtaining healthy academical aspects ready to perform to an employer through equal employment opportunities in america's leading careers after graduating correction of dedication to no child left behind.

Parent's practicing religion having rights to practice their aspects and fundamentals of a Christian lifestyle set apart from others having in them a developed relationship with the spirit of the one true God living inside with them having Faith Guiding their pathways. As each individual has plenty of time to think its the consciousness that is depending on the constant transmitting reciprocating signals from the trees in the human brain, This then being called the chemical chamber. Having a build up of 3 separate chemicals produced by combining together in the dendrites, specifically developing this here three chemicals being first then the molecules, neurons and also protons. This is created to send of and receive messages reciprocating motor behavior of the temporal lobe, this is the process and production of our brain mentalities and chemically inclined human developmental functions and chemical processed consciousness (RCA) impressing stabilized fundamental aspects of physical and psychiatric limbic transmitting signals from the brainstem thalamus neural pathways called reticular, Reacting to this is the activating system, allowing the ions to have impression. Having this in your mind, thinking of the thoughts and the

process of the thoughts and putting in the equation the consciousness of behavior and impressions

what is it that we are allowing ourselves to reciprocate and react a reciprocated receptor from our pustular chemical off set of misbehaved stupor motor control, needing stabilization of a alpha courts stabilizer balancing and enforcing conditioned control of normal behavior, having then a positive impression activating conditioned atmosphere well balanced conduct of ordinary behaviors having daily agenda's met with functionable aspects of well behaved and conditioned personal identity. This I have you know is extremely at value of importance, knowing, having, and acting with our individuality personalized and produced by chemical condition, balancing within personality traits and temperamental disputes and disfunction communicating contaminated molecules delivering indications indicating relapse mode of conduct conducting release of motion to our motor behavior ironically speaking words of communication action. Words speak louder than words as thinking about what we are thinking about is a process and takes atmosphere and personal relationship built upon the spirit. Having religious law at practice with love and nurture speaking to the heart through the chemical perception of balancing matter waves determine electric cloud.

13. Massachusetts state Legislations and congressional congress.

America's thirteen original colonies governing the agreements and acts, as human developments and rights first became our American History. While Lewis and Clark Traveled their trails from Plymouth Massachusetts also known as the Plymouth Rock Monument holding the solid foundations together in America. We the people in today's city stand firm in our beliefs and what we know to be truth in our original Ideals and Foundations placed before us by God above All. First we are held together by Faith and Morality as Education is followed, then Law and Justice as this 150 ft granite monument was laid in (1888) before us and the states were put together and God Before all states in God we Trust and Unity and Justice for all. Keeping the original Ideals and foundations in America's Law and Education is at most importance as our Declaration of independence and signature of our bill of rights and acts. and Revolutionary war and civil war matters as Native and English and pilgrim fought for peace and unity amongst our people as the fourth of July is our celebration of freedom and justice for all its independence day. we became free from england as we traveled here by boat, the mayflower and plymouth is where the journey first began and many days and many nights through the wilderness as pillar by day and smoke by night led the way to freedom and unity as faith hope and love remains even through the seasons of treaty as what was believed to declared war was our freedom of speech for women and our equal rights for all colors as we are all God's chosen people lead here for a reason.

Agreement laid down upon congress moving into motion as on act and agreements were the argument and government for the first time declared this land in my land this land is your land from the rhode top mountains to the flat plain grounds this land is solid as it was maid for you and me. in remembrance there has been placed monuments as Cape cod Beach was port docks for the mayflower as peace and justice for all set together the next and our laws were put into legislation and motioning to unity and justice as Faith, in God we trust was before the love of money as the bloody west virginia war was disputed as trade industry and trail of tears and our seven Most Beautiful Languages Sioux, Crazy horse Chief lead Lakotas and Cherokee people through tears south Dakota, sue, chinook flathead washington, lame deer montana, Bloody massacre virginia, wyoming Biocin city after was broke out and land owner title was place we needed hunters for buffalo as this was the reasoning of war and disrespect in the beginning as sacred stories and family traditions were held inside many brave warriors of faith gathered around to declare peace within our souls as God we trust in and provision of trade and marketing produced our crops and warmth and freedom as control started becoming greedy, is when God spoke Love or money have faith

as God is faithful to those who believe and trust without reason as the seasons changed.

Changes to social population such as: (Deity) meaning by dictionary definition: "A Deity is a supernatural being, Immortal, a God or goddess, that is worshipped by the people who believe it controls or exerts force over some aspect of the world. Anything reversed as divine or sacred". God has entrusted us with our children and with our stock while religious beliefs and traditions stand firm in their own structure and relationship with God the father who we look up to the skies to and the spirit faithfully acknowledges our hearts as we continually pray throughout each day not promised earning for provisions and restoration: { A Statement on Biblical Spirituality- Andrews University } "Biblical spirituality can be defined as the process of divine restoration between God and humanity such as biblical spirituality is the response of a repentant human heart and mind". Furthering or human fundamentals and individuality corresponding with proper or healthy aspects of human behavior vs. human intellectuals of acknowledgments we hold captive for the obedience of the Lord for his glory as we display the same like image of Christ within us.

Parental Development and Education of higher Corrections

Structure and stability is developed in the adolescents fundamental behaviors of human aspect and (stupor)" as the motor behavior is chemically controlled by Pustular chemical as the ions attracted to opposite electric charges and indicators are reciprocated as behavior becomes at a state of confusion or rebellion, caused by separation and anxieties with worry. This produces such depression and even isolation in an adolescent creating tension and frustration and loss of focus. If we continue to blame the child and look past his or her needs this ultimately has already lead to high school dropouts, teen pregnancy, and shootings in high schools, this has taken place even in local areas of Longview Wa, RA Long High School where they had threats just last year and closed the school down for the day. Police: Two R.A. Long HS students arrested; airsoft gun recovered from backpack. below is the online Quoted as stated.

R. A. Long bom and gun threats in Longview washington

KPTV file image

"(Two R.A. Long High School students – one male and one female – were arrested after a

lockdown at the school Friday. **Posted Feb 16, 2018**

School officials told FOX 12 a report of a weapon at the school started the lockdown. Monticello Middle School and Olympic Elementary School were also put into lockdown as a precaution.

Posted Feb

According to the Longview Police Department, officers responded and immediately detained the suspects.

Officers said a “realistic airsoft style pistol” was found in a student’s backpack, adding that there were no known threats made to other students.

Police said two students were arrested and booked into the Cowlitz County Juvenile Center on charges of possession of a dangerous weapon on school property.

"We would like to thank all of the other agencies who responded, the Longview School District, teachers, students and parents for a quick, safe and efficient response to today’s response. The Longview Police Dept will continue to train for these types of incidents to ensure the safety of our community," according to a Longview Police Department statement."

At the teenage adolescent in juvenile delinquency or youth at risk we look to pharmaceutical balancers and stabilizers found in Alpha Quarts. This chemical made up of on of the top stabilizers in ADHD and ADD Ritalin and adderall created by Adolf Hitler and Albert Einstein to create a one world order to place order in disorders so medical can cure a condition with suitable stabilizers stemming from Meth. the Merit meth certificate and the mineral law in government allowed pharmaceuticals to practice and study each individual mineral on the land and element table and drug found, as Alpha courts stabilised the stupor behaviors. Depressed children Prozac also based on meth as mercury mineral construct 80% of prescriptions in americans today as public law has mandatory enforcements for pharmaceuticals and prescriptions for add and adhd and depressed adolescent children in behavior council. this then controlling the chemical build in the dendrites of trees in the chemical brain process as impressions and RACE consciousness create a form adjusting the behavior and motor control. The percentages of public student in education with parentals in correction are more prone to be unstable with a temporary condition due to circumstances in environment and personal actions of release and stability. Alpha is a Chemical used to withstand normal control of environmental development and communicational reasoning, producing structure

and stability and confidence as stress is reduced and we as a team are aware of child's complications during the separation and environmental change process of child's brainstems develop Hippocampus chemical as the structure of human aspects already developed seep into the memory functions out of the Limbic, next to the child's Temporal Lobe as molecules and atoms amygdala cingulate gyrus, the hypothalamus and the cerebellum in the back of the brain develop a connection of the breathing, oxygen equilibrium and blood pressure. this chemical synapse receives and signals what is then called binds neurotransmitter of reaction of the human chemical aspects produced inside human fundamentals and chemical analogy of reinforcing strands of brainstems produced in today's communication membranes and functioning adam and neutrons just through the three chemical chambers of dendrites as messages are reciprocated and acknowledged by first then the think tank process of photosynthesis triggering memory glands of motor control as dendrites create waves of electric matter determination the size of atoms and molecules that then salts interact with the stupor as mentioned just above. This make up of processed molecules and electrons and neutrons and oxygen levels of photosynthesis can also develop Catatonia making contact with not only behaviors in motion and reciprocating contact but also psychiatric such as schizophrenia. this also depending on the adolescents think tank process of evilious and chemical imbalances of dendrites producing motor control of behavior and consciousness which may then also depend on the constant transmission of chemicals signaling from then the brainstem of thalamus to the cerebrum while connected by neural pathways called reticular activating system RAS eyelids are open for impressions this being ions and eretna and pigment formality tunneling into the brainstem fundamentals of human developmental and behavioral tory stupor acknowledgments reciprocated and developed by actions displayed directly in home environments and or school environments needing more control in today's action responding social security and even populated media and reporting news channels involving dysfunction and cause, Creating only hostility, anger and frustration for many families and social media workers as teachers come together with strategies bringing Faith and morality back into reality Education as law and justice intervene with misbehaved population in today's criminal society and dysfunctional behaviors undergoing to correctional facilities.

All subjects influenced by No Inmate left behind, can look into the motioning Acts and leading lows in government such as the no Child left behind and homeschooling act and higher education laws with equal rights for the people. Mandy Latson pledging to act. No Inmate left behind motion for congress and vote's with legislations. I Mandy believe in this act of declaration as we the people have our equal rights to freedom and speech and God has ordained and entrusted us his enchanted ones as he corrects with guiding gentleness that does not boast, condemn or separate one another. The same religious pledged to by sworn oath in the court of law is the same religious beliefs we the people pledge to communicate as ministry guidance and religious structured prison correctional facilities establish the family safe home structured and educational practice as parental guidance and dedication is more structure building work ethics and parenting fundamentals. Creating stability and structure within reasoning and monitoring for mandates and opinion include. Goal oriented and stabilizing in the reduction of separation of parentals and corrections in a program built and established for the child's best interests and

behaviors acknowledged from inside the child's heart before displayed into rebellion and actions already displayed in front of them. Establishing Corrections leaving no child left behind based on the act of no inmate left behind will ultimately lead to decrease the percentages of the following topics in criminal fundamentals, having altered communication with dysfunctional environments.

IN HOPES TO LOWER PERCENTAGES OF HIGH SCHOOL TEEN SHOOTINGS

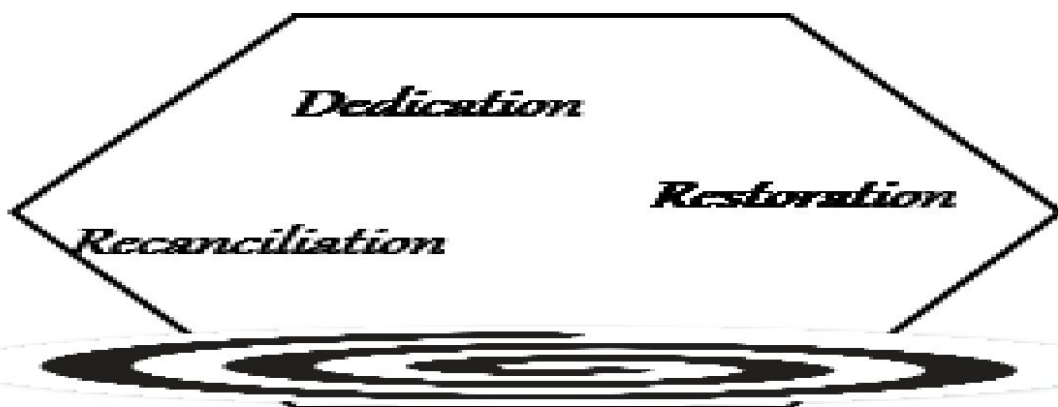

Discussion topic in regards to lowering statistics in America

- Lower % of Child separation anxiety and inmate anxiety caused by separation. created by separating parental bonds from their children entrusted to them from God alone.
- Lower % of Child Depression and isolation created by separation the child from the parent creating a broken depressed window of deception, in a child's thought pattern process while the parent receives correction
- Lower % of Child loss of focus and drive to study academics as discontentment and frustration leading to rebellion
- Lower % of Child behaviors begin to alter and decisions normally made are not likely made at a point of reacting to separation as withdrawn
- Lower % of Child counseling and medication become a stimulate a curiosity for other drugs and developed behaviors such as violence and weapons brought to school.
- Lower % of Child adolescent rebellious criminal activity created from separation leading to each high school shooting already happening.
- Lower % of Child dropouts in high schools & lack of work motivation.
- Lower % of Child & teen running away from new family, foster child rebellion.
- Lower % of Teenage pregnancy and Sexual Deviant behaviors seeking out any positive or negative behaviors from whom ever gives attention, negative feeds negative, positive feeds and nurtures maturity.

Questioning parents and staff members of public school district and human resources of Handicapped adolescents. Increasing emphasis in the United states creating barriers that separated normal people, The anxieties and stress as well as depression and loss of focus and drive to study and develop adult fundamentals as doubt controls the altered mind from the reality of the parents love and nurturing stabilization hoped for by the parentals locked in institutes having an unheard voice as separation between the children had developed through both normal and handicapped children as stress related indicators develop a more challenging process for families in handicapped areas.

Dedicating our time corrections to your child's education & parent to child restoration

In Loving Memory of Ryan David Hoven Loving father of Aj & Chace & Tadum H.

Aug 31, 1982- Dec 23, 2017

Healthy Parental Corrections & Educational Institutes

Creating healthy correctional facilities for the structure of better homes and community. Starting with the goal in the beginning, while every inmates goal is to be their for their child. Prison ministry is more than a simple yes and being on top of your game. The child at home hurting is at most importance as he/she are the overlooked. sometimes life takes a turn on people and time and time again they say " I got this shit" or "I ain't Going back" some another dollar another day and what's up baby girl. Home boy this and Homie that. Christianity is more that talking about something you want or what you may have done, it's about being grateful for the small things.

Like the word says:

He who is faithful in the very least of things he will be faithful in the much and he that is unrighteous in the very least he will then also be unrighteous in the much "(Luke 16:10)

As we are God's children and he is instilled within us, we become a image projected as a city on a hill. Shining for the entire world to see. Greater than that, think, your child is watching you first hand. and it shall be greater for you to place a millstone around your neck and be casted into the depth of the sea. The dictionary states evildoer is a person who commits profoundly immoral and malevolent deeds.

Like the word says:

Repay no evil for evil, but give thought to do what is honorable in the sight of all. if possible, so far as it depends on you, live peaceably with all. beloved, never avenge yourself, but leave it to the wrath of God, for it is written, Vengeance is mine, I will repay, says the Lord" to the contrary, " If your enemy is hungry, feed him; if he is thirsty, give him something to drink; for by so doing you will heap burning coals on his head' Do not be overcome by evil, but overcome evil with good. (Romans 12;17-21)

Like the word says:

There are six things that the Lord hates, seven that are an abomination to him: haughty eyes, a lying tongue, and hands that shed innocent blood, a heart that devises wicked plans, feet that make haste to run to evil, a false witness who breathes out lies, and one who sows discord among brother. (Proverbs 6:16-19)

Correctional establishments construct a environment of disciplinary acts set at fundamental development of goal oriented fundamentals. Change set for structured goal in life style. Communication and dedication motivated by your loved ones creates reconciliation and relations creating safe, healthy environments for you to struct together your relation with your child at best interest and topic. Having child's education and future setting your motivation, oriented communication fundamentally developing and reconstructing the ideals and healthy aspects of parental environmental upbrings. Correction allowing structure to reconcile the foundations at first the home, the education and the government, as the Faith, Morality and education are before the law as our four founding fathers proclaim dedication of independence day as government reconciles their own government, back to reality of america's foundational structures and monuments and states of legislations building establishments and law set for congress. Constructions congruent behaviors mandate and evaluate each motion as we the people pledge to dedications, always having child's future and education at conclusion.

Not just adults being thought of during corrections as the no child left behind and homeschooling act and higher education act and equal rights and freedom of speech act and independency govern the constructs and struct each state to congress and future. Confessing Law

by mouth and leading by example as the child's ions impressions reciprocate the dendrites trees of chemical matter and behave at alpha courts stabilization. we acknowledging stupar limbic motor lobe behaviors reacting in positive and critical thinking as positive corrections is the law of religious practice above all authorities and leadership positions as there is no other law or God before the "ra" religious law having ministry practice mandatory for the law to allow when practicing christianity. God in government is not a god of separation of children being left behind. while christianity is the law and child's education and future at best interest decreases the percentages of adolescent separation anxiety, leading to depression and isolation and rebellious criminal matters, eventually ending the life of innocent children in a teen high school shooting. The lives of students and parental dedication is at best interest as we have hopes to decrease the percentages of these tragic events leading local news channels all across america's general population and society. Having set long term and short term goals with your career and child at best interests, as we shift into ending the cycle before it ends you. Ultimately creating the streets to be healthy again when it was structured at Faith, Morality, Education, Law and justice. Developing Institutions with "love and logics" and "shepherding a child's heart" 15 week video series. of christian fundamental aspects with nurturing communication and face to face disciplinary advice With (Tedd Tripp). and homeschool christian paces based of presidency academic education of encyclopedia learning, working one one one with our child as quality time is important and constructs healthy relations with educated individuality fundamentally developing fundamentals of healthy constructed nurture in a child's environment with the parentals healthy correctional Institute of no child left behind. recognizing reconciliation and dedication motivating inmates to futures with healthy career oriented futures with hands on communication skill training of responsible with academical and fundamental aspects of organized, and educated responsibilities always on time for 1-10 years of communication skill institute program. this just being one of the many leading facts of obtaining healthy academical aspects ready to perform to an employer through equal employment opportunities in america's leading careers after graduating correction of dedication to no child left behind.

Environmental aspects of communication skills with goal oriented qualities and developed timely manner having responsible workmanship

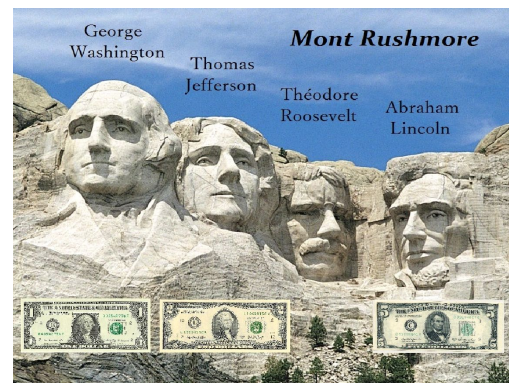

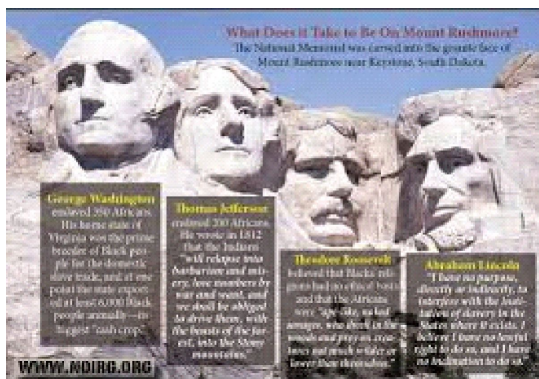

Applying obtained attributes and responsibilities to daily life as you and your child establish healthy relations and responsibilities in environmental stabilization and constructed personal growth advisory creating good time opportunity accessing further programs leading strait to career and child graduation having developed religious integrity starting at the root foundations of faith history and governmental monumental establishments connecting worldwide with the american national monuments of governing faces taking families to higher paces of placement constructed with the heart of america. The heart of america is the basic structure of the four founding fathers where its mine, near Mt Rushmore South Dakota.

Let freedom ring, let the whole world sing.

" America, America"

("Oh beautiful for spaces skies, for Amber waves of grain. For Purple Mountains majesty, above the fruited plain. America America, God gave this Land to me. No Crown thy good with brotherhood, from sea to

shining sea.")

Which include the following thirteen states:

1. Pennsylvania State of Legislations and constitutional congress.
2. Connecticut state of Legislations and constitutional congress.
3. Washington D.C State of Legislation and constitutional congress.
4. West Virginia State of Legislations and constitutional congress.
5. Virginia State of Legislations and constitutional congress.
6. Wyoming State of Legislations and constitutional congress.
7. Arkansas State of Legislations and constitutional congress
8. South Dakota state of Legislations and congressional congress.
9. North Dakota state of legislations and congressional congress.
10. Minnesota state of Legislations and congressional congress.
11. Montana State of Legislations and congressional congress.
12. Washington state of Legislations and congressional congress.
13. Massachusetts state Legislations and congressional congress.

America's thirteen original colonies governing the agreements and acts, as human developments and rights first became our American History. While Lewis and Clark Traveled their trails from Plymouth Massachusetts also known as the Plymouth Rock Monument holding the solid foundations together in America. We the people in today's city stand firm in our beliefs and what we know to be truth in our original Ideals and Foundations placed before us by God above All. First we are held together by Faith and Morality as Education is followed, then Law and Justice as this 150 ft granite monument was laid in (1888) before us and the states were put together and God Before all states in God we Trust and Unity and Justice for all. Keeping the original Ideals and foundations in America's Law and Education is at most importance as our Declaration of independence and signature of our bill of rights and acts. and Revolutionary war and civil war matters as Native and English and pilgrim fought for peace and unity amongst our people as the fourth of July is our celebration of freedom and justice for all its independence day. we became free from england as we traveled here by boat, the mayflower and plymouth is where the journey first began and many days and many nights through the wilderness as pillar by day and smoke by night led the way to freedom and unity as faith hope and love remains even through the seasons of treaty as what was believed to declared war was our freedom of speech for women and our equal rights for all colors as we are all God's chosen people lead here for a reason.

Agreement laid down upon congress moving into motion as on act and agreements were the argument and government for the first time declared this land in my land this land is your land from the rhode top mountains to the flat plain grounds this land is solid as it was maid for you and me. in remembrance there has been placed monuments as Cape cod Beach was port docks for the mayflower as peace and justice for all set together the next and our laws were put into legislation and motioning to unity and justice as Faith, in God we trust was before the love of money as the bloody west virginia war was disputed as trade industry and trail of tears and our seven Most Beautiful Languages Sioux, Crazy horse Chief lead Lakotas and Cherokee people through tears south Dakota, sue, chinook flathead washington, lame deer montana, Bloody massacre virginia, wyoming Biocin city after was broke out and land owner title was place we needed hunters for buffalo as this was the reasoning of war and disrespect in the beginning as sacred stories and family traditions were held inside many brave warriors of faith gathered around to declare peace within our souls as God we trust in and provision of trade and marketing produced our crops and warmth and freedom as control started becoming greedy, is when God spoke Love or money have faith as God is faithful to those who believe and trust without reason as the seasons changed.

Changes to social population such as: (Deity) meaning by dictionary definition: "A Deity is a supernatural being, Immortal, a God or goddess, that is worshipped by the people who believe it controls or exerts force over some aspect of the world. Anything reversed as divine or sacred". God has entrusted us with our children and with our stock while religious beliefs and traditions stand firm in their own structure and relationship with God the father who we look up to the skies to and the spirit faithfully acknowledges our hearts as we continually pray throughout each day not promised earning for provisions and restoration: { A Statement on Biblical Spirituality- Andrews University } "Biblical spirituality can be defined as the process of divine restoration between God and humanity such as biblical spirituality is the response of a repentant human heart and mind". Furthuring or human fundamentals and individuality corresponding with proper or healthy aspects of human behavior vs. human intellectuals of acknowledgments we hold captive for the obedience of the Lord for his glory as we display the same like image of Christ within us.

Parental Development and Education of higher Corrections

Structure and stability is developed in the adolescents fundamental behaviors of human aspect and stupor as the motor behavior is chemically controlled by Pustular chemical as the ions attracted to opposite electric charges and indicators are reciprocated as behavior becomes at a state of confusion or rebellion, caused by separation and anxieties with worry. This produces such depression and even isolation in an adolescent creating tension and frustration and loss of focus. If we continue to blame the child and look past his or her needs this ultimately has already lead to high school dropouts, teen pregnancy, and shootings in high schools, this has taken place even in local areas of Longview Wa, RA Long High School where they had threats just last year and closed the school down for the day. Police: Two R.A. Long HS students arrested; airsoft gun recovered from backpack.

Autism Development "Quoted" Occupation Disability Education

"{*Autism spectrum disorder* (ASD) is a general term for a group of complex conditions of brain development. These conditions are characterized, in varying degrees, by difficulties in social interaction, verbal and nonverbal communication and repetitive behaviors. With the May 2013 publication of the DSM-5 diagnostic manual, all autism disorders were merged into one umbrella diagnosis of ASD. Previously, they were recognized as distinct subtypes, including autistic disorder, childhood disintegrative disorder, pervasive development disorder-not otherwise specified (PDD-NOS) and Asperger syndrome. Each individual with autism is unique. Many of those on the autism spectrum have exceptional abilities in visual skills, music and academic skills.}" Autism development "Quoted" Occupation Disability Education.

Just as the disabled communities and families had question and wonder on the topic of student rights, Higher education (Acts) equal rights (Act) Special (TA) assistance in classrooms and special Education (Act). The question will begin to flow throughout homes and education establishments, as the Motion and bill of Acts goes into vote with the people and the laws jurisdictions with proper channels of authorities in congress and legislations, constructing the foundations for establishing new facilities across America for Religious rights of prison ministry. Constructing with foundations Faith, Morality, Law, and justice matters as correction is not condemnation and oath to the God in Government states restore a brother/sister gently and lead by sight as we follow leadership and guidance is the topic in this here matter and declaration going

into motion with Washington DC and united states congress with olympia deadwood 1 million a year financial structures constructing new establishments in America. No Inmate Left behind Act in topic for motion as Ministry and family Corrections never leaves a child behind.

Questions most addressed in behaviors

Education and parental of special needs students

Students in public schools needing special assistance with disabilities needing are carefully established with higher educational academics. This separation between the two children needing more hands on as ADHD and ADD and Rebellious Hyperactive children needing correction and counselling and reconstructs of high education had developed through discussion in 1952 time as public schools changed in foundations and color. numbering in 10 % spoke up for high education for the children as it further came to agree in unity aligning the law of order and justice to continue the Act of No child left behind in the United states of America assembling together in all founding school districts and education facilities of Elementary, middle and high school foundations established to uphold new Act of congress and government Law no child left behind motion mandate of legislation as we pledged the pledge of: I pledge of allegiance to the united states of america and witches stands one nation under god, indivisible and justice for all. Just as then the question was addressed in the handicap student rights to special needs programs and (TA's) teachers assistance giving undivided attention upon individuals if necessary according to student records and parental guidance structured within each home environment, as well as the normal student teaching rights to after school studies and one on one communicating academics as structure for both human aspects of developmental and fundamental assessments acknowledged and evaluating each individual child's nurtured and carefully addressed impairments if any at all. This being enough on small children, having parentals, teachers, bus drivers and every day career leading academics per schedule, let's go to mention disciplinary acts or even chore time, is there even time for quality time and healthy bonding with loving structures of love and logics or even shepherding a child's heart. Having boundaries set in relations and structures of statistics holding each to their own as Faith, Morality, Education, Law and justice hold the foundations of america together along with the four founding fathers in South Dakota constructing America.

National monument in South Dakota Mt. Rushmore having our four founding fathers faces displaying freedom rights and declarations set in stone as motions and bill of acts became our congress and law in order to mandate the thirteen original colonies and constitutions of Declaration of Independence Day being the 4th of July. Our freedom of speech and declaration of departure as we were overseas and was finally finished back at home as we docked here crossing Cape cod beach in plymouth massachusetts as foundations were laid and granite stone was poured 150 feet tall statue of statutes and states in America's foundation and land owning 2.3 million acres of land in native american forts as pine ridge Arkansas fort Robinson and tear of trails through west virginia the bloody was over trade and market industries as hunters were needed for bison and buffalo in wyoming as lewis rock was traveling along his journey from plymouth rock in massachusetts reached the other side. first through the Alimony in texas and Gibson fort and George washington Gibson addressed the gettysburg and iceberg sank the tank as we pilgrims come with peace and have Faith in God as we pledge for unity and Liberty as librigations and legislations congressed together states of confederacy.

Many of today's general population and residential society, Travel from nation wide as ministries learning aspects and higher education developing divine healthy interests meant to grow our developing a idiolectal human corrections and higher education connecting together with No Child left behind Act. as my personal fundamental educated and organized Ideal of No Inmate Left behind leads America to the developments of high education Act of Congress in today's public schools performing this duty of Act. No child left behind Law in America already declared. Further education myself in History and governmental congregations of developments of Ideals set in stone by our first leading founders. Recognizing the stakes and high risks persevered through america's trials and tribulations of trail of tears and treason for season and Biosin, as poetry and hunting for buffalo on our sacred beautiful land we recognize our constructs and constitutes as congruent as today's Law started by our four beginning Presidents Abraham Lincoln, Thomas Jefferson, Theodore Roosevelt and George Washington and the Gibson and Robinson Law was placed into motion with the gettysburg address addressed each situation that arose as the monumental fort robinson 2.3 million acres of land having mineral law has beautifully and wonderfully made crazy horse monument in black hills gold South Dakota where its Mine. I'd like to invite you into today's history and foundations where its Mine located near Mt. Rushmore on this beautiful land. Today educated more than yesterday as faithfully still believing in all the

people as unity brings us together and we trust in God alone while he travels with us far and wide till i reach the other side, through the melody trees he sweetly whispers joyful promises of prospering and never leading astray as we gently are guided through days without rain, days holding too much pain as we without strength provided only from God go weary. the stars and the sun even Sacagawea and even lewis and clark traveled through as we remember every hard step they faced in order to come across what we see with thankfulness the monuments and statues in honor of each sacrificed life that had Faith as we continue on for we are a beautiful people they risked their lives for. Faith, Hope and Love recognises the importance of unity and love over money as government slowly has fallen away from the love of faith and our covenant to this land and to our fathers and to ourselves as we choose free will and nobody decided or controled or individual behaviors but if one world order shall be Adult Hitler in communication with pharmaceuticals and physician Albert Einstein in the early 1990's multiplying minerals together in adoration to Stupor finding Pustular chemical Phar matter waves determine behavior first chemically received by three parts and neutrons dendrites sending off messages to the reciplicators of motion control. therefore if you have a subject acting out of control we must order a prescription for the behaved subject in this matter of ordained communication. communication with God in authority as we go without allowing control to govern over addressed authorities as we the population are forever Acting and Motioning in congress as we lay down the law with legislations and dedications to independencies having compliance to our independent constructions as God above leads the trials when court is adjourned and prison is to facilitate an operation of correction as government seems to institutionalize and isolate and control and condemn and separate us from ourselves our children and our God, in each and every courtroom sworn to by oath is a declaration of correction as lives are dedicated to restoring a fallen brethren gently is one shall have found to of stumbled and pledge of allegiance it to faithfully guide, nurture, teach, govern, as we shall not judge and use disciplinary Acts against one another. According to the Law it states possession is 9/10's of the law, meaning if the correctional facility has possession of each inmate than Education is before law and the Act already joint together being No Child left behind law Act. God's holy word sworn each oath on so help me God, i find hard evidence to reasonably believe God is the God who entrusts us with our children, he is the god of reconciliation and unity and forgiveness and love without looking into a brother or sisters sawdust as you yourself judge with a plank in your own forever changing law practiced against each individual condemning them when god above states correction out of gentleness and love. Level of judges opinion and reality of the mathematical equation is positive over negative in the long run and having in mind as we hold the same like mind as christ i'll bring to the attention simple yet highly and fundamentally important for both a Child and their parental structures with facts by physical reasoning as displayed every day by the government and child protected services and today's population.

Structuring families as No Child left behind brings neutralization and creativity as child fundamentals develop and construct together with parental guidance and correction was received and created together with the child adolescent with behaviors as the adult in corrections is receiving constructive criticism and healthy fundamentals of higher correction. No longer breaking apart but molding together the reconciliation of separated parents to student adolescent children in America's public education foundations. Constructing together starting with the out of control,

rebellious behavior from the adult as the child has been overlooked and placed at blame and fault for normal behaviours of anger and neglect and separation anxiety following with depression and negative energy waiting to feed on more negative. The atmosphere of negative energy creates such ignored tension within the room of positive as negative disappointment causes distress and disconnection and destruction in our children's behavior. This behavior seems to build into rebellion as the adolescent I believe doesn't necessarily have behavior problems or bad qualities as a child or teenager more or less the lack of parental guidance and parental stability enabling constructed environments with healthy educated structure fundamentally reciprocating and developing adult behavior when the perspective belongs to the child having parentals in and out of correction facilities and institutes.

The lack of personal time and the development growth importance between a child, teen adolescent and young adult muchuring into the a responsible leader mentalities as a mature young adult guiding the structures of the next generation as lead by example by the constructs of individual families creating together individually the individualities and personalities of leadership recommendations, having positions teaching and constructing together healthy environmental controlled healthy, respected, and morality agreements in civilization and development in today's governing and reconstructing forums and states and stakes of our states as well as our own state of mind stemming from individuality in populations or society and general public forming together structures and establishments of public schooling and higher education as well as the homeschooling act and no child left behind acts. This giving each individual the option of equal opportunity rights and rights to employment acts as we grow the government daily as the states pledge of allegiance to our states congress and confederate constitutions and legislations.

placing together in motion and acts in government establishing economic legislative foundation as dedication constructs liberty and justice for all as Faith and unity hold the structures of the united states of america together. National Monument in plymouth massachusetts construct 150 ft in remembrance to this educational foundational pledge to allegiance to which is stants and one world order, under God we have arranged services consolidation in pharmaceutical pharmacy and control. Looking into general population for stupor motor control of the temporal lobe. While pharmaceutical and medical psychiatric impressions address what the ions have been conscientiously witnesses to as controlling behavior is topic on subject and child and teenage adolescents in the construct of americas general and populated communities.

IN HOPES TO LOWER PERCENTAGES OF HIGH SCHOOL TEEN SHOOTINGS

Discuss first the negative already happening in America

- Child separation anxiety and inmate anxiety caused by separation. created by

separating parental bonds from their children entrusted to them from God alone.

- Child *Depression and isolation* created by separation the child from the parent creating a broken depressed window of deception, in a child's thought pattern process while the parent receives correction
- Child *loss of focus* and drive to study academics as disappointment and frustration leading to rebellion
- Child *behaviors* begin to alter and decisions normally made are not likely made at a point of reacting to separation as withdrawn
- Child counselling and medication become a stimulate a curiosity for other drugs and developed behaviors such as violence and weapons brought to school as a threat, caused by rebellion created from separation leading to each high school shooting already happening.

forever growing in government foundations best interested for we the populating society Gathered facts and principles By the Faces and Places Journals and acknowledgments "Annual Report in the year (2016)- {Conclude the disposed amount of reasonable funding with the Department of Tourism states 1.5% promotion tax}".

Act - Motion - Congress - constitutes - States Legislations and civil rights of Declaration of Independence of Monumental Memorial rights and foundations of Civil Matters on Establishments. (3 Million Per year) Washington state's Law Olympia Capital Deadwood. It has also been concluded by estimate that 379,000,351 American Citizens travel to this spectacular place where the four founding fathers faces are declared in stone of the Declarations and states in the United States of America. The four founding fathers here in the new American old english congregations started with the thirteen original colonies as we traveled here from England as it was the New England Land and after travel and trade the states congressed.

Concluding the foundations of new English in America which include the following thirteen states: Pennsylvania, Connecticut, Washington D.C, West Virginia and Virginia, Wyoming, Arkansas, South Dakota where the Founding fathers Memorial of Crazy Horse is as the journey continued through North Dakota, Minnesota, Montana and Washington state were Lewis and Clark Traveled their trails from Plymouth Massachusetts also known as the Plymouth Rock Monument holding the solid foundations together in America. We the people in today's city stand firm in our beliefs and what we know to be truth in our original Ideals and Foundations placed before us by God above All. First we are held together by Faith and Morality as Education is followed, then Law and Justice as this 150 ft granite monument was laid in (1888) before us and the states were put together and God Before all states in God we Trust and Unity and Justice for all. Keeping the original Ideals and foundations in America's Law and Education is at most importance as our Declaration of independence and signature of our bill of rights and acts. and Revolutionary war and civil war matters as Native and English and pilgrim fought for peace and unity amongst our people as the fourth of July is our celebration of freedom and justice for all its independence day. we became free from England as we traveled here by boat, the mayflower and Plymouth is where the journey first began and many days and many nights through the wilderness as pillar by day and smoke by night led the way to freedom and unity as faith hope and love remains even through the seasons of treaty as what was believed to declared war was our freedom of speech for women and our equal rights for all colors as we are all God's chosen

people lead here for a reason. Agreement laid down upon congress moving into motion as an act and agreements were the argument and government for the first time declared this land in my land this land is your land from the Rhode Top mountains to the flat plain grounds this land is solid as it was made for you and me. In remembrance there has been placed monuments as Cape Cod Beach was port docks for the Mayflower as peace and justice for all set together the next and our laws were put into legislation and motioning to unity and justice as Faith, in God we trust was before the love of money as the bloody west Virginia war was disputed as trade industry and trail of tears and our seven Most Beautiful Languages Sioux, Crazy Horse Chief lead Lakotas and Cherokee people through tears south Dakota, Sue, Chinook Flathead Washington, Lame Deer Montana, Bloody Massacre Virginia, Wyoming Biscuit City after was broke out and land owner title was placed we needed hunters for buffalo as this was the reasoning of war and disrespect in the beginning as sacred stories and family traditions were held inside many brave warriors of faith gathered around to declare peace within our souls as God we trust in and provision of trade and marketing produced our crops and warmth and freedom as control started becoming greedy, is when God spoke Love or money have faith as God is faithful to those who believe and trust without reason as the seasons changed.

Structure and stability is developed in the adolescents fundamental behaviors of human aspect and stupor as the motor behavior is chemically controlled by Pustular chemical as the ions attracted to opposite electric charges and indicators are reciprocated as behavior becomes at a state of confusion or rebellion, caused by separation and anxieties with worry. This produces such depression and even isolation in an adolescent creating tension and frustration and loss of focus. If we continue to blame the child and look past his or her needs this ultimately has already lead to high school dropouts, teen pregnancy, and shootings in high schools, this has taken place even in local areas of Longview Wa, RA Long High School where they had threats just last year and closed the school down for the day.

At the teenage adolescent in favor we look to pharmaceutical balancers and stabilizers found in Alpha Quarts. This chemical made up of one of the top stabilizers in ADHD and ADD and depressed children whom seem to be not stable with a temporary condition due to circumstances in environment and personal actions of release and stability. Alpha is a Chemical used to withstand normal control of environmental development and communicational reasoning, producing structure and stability and confidence as stress is reduced and we as a team are aware of child's complications during the separation and environmental change process of child's brainstems develop Hippocampus chemical as the structure of human aspects already developed seep into the memory functions out of the Limbic, next to the child's Temporal Lobe as molecules and atoms amygdala cingulate gyrus, the hypothalamus and the cerebellum in the back of the brain develop a connection

of the breathing, oxygen equilibrium and blood pressure. this chemical synapse receives and signals what is then called binds neurotransmitter of reaction of the human chemical aspects produced inside human fundamentals and chemical analogy of reinforcing strands of brainstems produced in today's communication membranes and functioning adam and neutrons just through the three chemical chambers of dendrites as messages are reciprocated and acknowledged by first then the think tank process of photosynthesis triggering memory glands of motor control as dendrites create waves of electric matter determination the size of atoms and molecules that then salts interact with the stupor as mentioned just above. This make up of processed molecules and electrons and neutrons and oxygen levels of photosynthesis can also develop Catatonia making contact with not only behaviors in motion and reciprocating contact but also psychiatric such as schizophrenia. this also depending on the adolescents think tank process of evilious and chemical imbalances of dendrites producing motor control of behavior and consciousness which may then also depend on the constant transmission of chemicals signaling from then the brainstem of thalamus to the cerebrum while connected by neural pathways called reticular activating system RAS eyelids are open for impressions this being ions and eretna and pigment formality tunneling into the brainstem fundamentals of human developmental and behavioral tory stupor acknowledgments reciprocated and developed by actions displayed directly in home environments and or school environments needing more control in today's action responding social security and even populated media and reporting news channels involving dysfunction and cause, Creating only hostility, anger and frustration for many families and social media workers as teachers come together with strategies bringing Faith and morality back into reality Education as law and justice intervene with misbehaved population in today's criminal society and dysfunctional behaviors undergoing to correctional facilities.

All subjects influenced by No Inmate left behind, leads America to no Child left behind Act. As we press into a new Motion and Law ordaning legislation to congress into constitutes and agree to its Act of No inate left behind. This creating stability and structure within reasoning and monitoring for mandates and opinion include. Goal oriented and stabilizing in the reduction of separation of parentals and corrections in a program built and established for the child's best interests and behaviors acknowledged from inside the child's heart before displayed into rebellion and actions already displayed before them. For the questioning parents and staff members of public school district and human resources of Handicapped adolescents. Increasing emphasis in the United states creating barriers that separated normal people, imarired, deaf. The anxieties and stress as well as depression and loss of focus and drive to study and develop adult fundamentals as doubt controls the altered mind from the reality of the parents love and nurturing stabilization hoped for by the parentals locked in institutes having an unheard voice as separation between the children had developed through both normal and handicapped children as stress related indicators develop a more challenging process for families in handicapped areas.

Separation between the children had developed through discussion in 1952 time as public schools changed in foundations and color. numbering in 10 % spoke up for high education for the children as it further came to agree in unity aligning the law of order and justice to continue the Act of No child left behind in the United states of America assembling together in all founding school districts and education facilities of Elementary, middle and high school foundations established to uphold new Act of congress and government Law no child left behind motion mandate of legislation as we pledged the pledge of: I pledge of allegiance to the united states of america and witches stands one nation under god, indivisible and justice for all. Just as then the question was addressed in the handicap student rights to special needs programs and (TA's) teachers assistance giving undivided attention upon individuals if necessary according to student records and parental guidance structured within each home environment, as well as the normal student teaching rights to after school studies and one on one communicating academics as structure for both

human aspects of developmental and fundamental assessments acknowledged and evaluating each individual child's nurtured and carefully addressed impairments if any at all. This being enough on small children, having parentals, teachers, bus drivers and every day career leading academics per schedule, let's go to mention disciplinary acts or even chore time, is there even time for quality time and healthy bonding with loving structures of love and logics or even shepherding a child's heart. Having boundaries set in relations and structures of statistics holding each to their own as Faith, Morality, Education, Law and justice hold the foundations of america together as national monument in South Dakota Mt. Rushmore having our four founding fathers faces displaying freedom rights and declarations set in stone as motions and bill of acts became our congress and law in order to mandate the thirteen original colonies and constitutions of Declaration of Independence Day being the 4th of july. Our freedom of speech and declaration of departure as we were overseas and was finally finished back at home as we docked here crossing Cape cod beach in plymouth massachusetts as foundations were laid and granite stone was poured 150 feet tall statue of statutes and states in America's foundation and land owning 2.3 million acres of land in native american forts as pine ridge Arkansas fort Robinson and tear of trails through west virginia the bloody was over trade and market industries as hunters were needed for bison and buffalo in wyoming as lewis rock was traveling along his journey from plymouth rock in massachusetts reached the other side. first through the Alimony in texas and Gibson fort and George washington Gibson addressed the gettysburg and iceberg sank the tank as we pilgrims come with peace and have Faith in God as we pledge for unity and Liberty as librigations and legislations congressed together states of confederacy.

Autism Development "Quoted" Occupation Disability Education

"{*Autism spectrum disorder* (ASD) is a general term for a group of complex conditions of brain development. These conditions are characterized, in varying degrees, by difficulties in social interaction, verbal and nonverbal communication and repetitive behaviors. With the May 2013 publication of the DSM-5 diagnostic manual, all autism disorders were merged into one umbrella diagnosis of ASD. Previously, they were recognized as distinct subtypes, including autistic disorder, childhood disintegrative disorder, pervasive development disorder-not otherwise specified (PDD-NOS) and Asperger syndrome. Each individual with autism is unique. Many of those on the autism spectrum have exceptional abilities in visual skills, music and academic skills.}" Autism development "Quoted" Occupation Disability Education.

Ultrasound and MRI testing for my Beautiful daughter Sierra

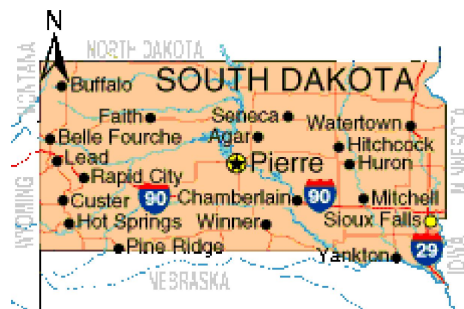

Just as the disabled communities and families had question and wonder on the topic of student rights, Higher education (Acts) equal rights (Act) Special (TA) assistance in classrooms and special Education (Act). The question will begin to flow throughout homes and education establishments, as the Motion and bill of Acts goes into vote with the people and the laws jurisdictions with proper channels of authorities in congress and legislations, constructing the foundations for establishing new facilities across America for Religious rights of prison ministry. Constructing with foundations Faith, Morality, Law, and justice matters as correction is not condemnation and oath to the God in Government states restore a brother/sister gently and lead by sight as we follow leadership and guidance is the topic in this here matter and declaration going into motion with Washington DC and united states congress with olympia deadwood 1 million a year financial structures constructing new establishments in America. No Inmate Left behind Act in topic for motion as Ministry and family Corrections never leaves a child behind.

Questions most addressed in behaviors

Education and parental of special needs students

Students in public schools needing special assistance with disabilities needing are carefully established with higher educational academics. This separation between the two children needing more hands on as ADHD and ADD and Rebellious Hyperactive children needing correction and counselling and reconstructs of high education had developed through discussion

in 1952 time as public schools changed in foundations and color. numbering in 10 % spoke up for high education for the children as it further came to agree in unity aligning the law of order and justice to continue the Act of No child left behind in the United states of America assembling together in all founding school districts and education facilities of Elementary, middle and high school foundations established to uphold new Act of congress and government Law no child left behind motion mandate of legislation as we pledged the pledge of: I pledge of allegiance to the united states of america and witches stands one nation under god, indivisible and justice for all. Just as then the question was addressed in the handicap student rights to special needs programs and (TA's) teachers assistance giving undivided attention upon individuals if necessary according to student records and parental guidance structured within each home environment, as well as the normal student teaching rights to after school studies and one on one communicating academics as structure for both human aspects of developmental and fundamental assessments acknowledged and evaluating each individual child's nurtured and carefully addressed impairments if any at all. This being enough on small children, having parentals, teachers, bus drivers and every day career leading academics per schedule, let's go to mention disciplinary acts or even chore time, is there even time for quality time and healthy bonding with loving structures of love and logics or even shepherding a child's heart. Having boundaries set in relations and structures of statistics holding each to their own as Faith, Morality, Education, Law and justice hold the foundations of america together along with the four founding fathers in South Dakota constructing America.

National monument in South Dakota Mt. Rushmore having our four founding fathers faces displaying freedom rights and declarations set in stone as motions and bill of acts became our congress and law in order to mandate the thirteen original colonies and constitutions of Declaration of Independence Day being the 4th of july. Our freedom of speech and declaration of departure as we were overseas and was was finally finished back at home as we docked here crossing Cape cod beach in plymouth massachusetts as foundations were laid and granite stone was poured 150 feet tall statue of statutes and states in America's foundation and land owning 2.3 million acres of land in native american forts as pine ridge Arkansas fort Robinson and tear of trails through west virginia the bloody was over trade and market industries as hunters were needed for bison and buffalo in wyoming as lewis rock was traveling along his journey from plymouth rock in massachusetts reached the other side. first through the Alimony in texas and Gibson fort and George washington Gibson addressed the gettysburg and iceberg sank the tank as we pilgrims

come with peace and have Faith in God as we pledge for unity and Liberty as librigations and legislations congressed together states of confederacy.

Many of today's general population and residential society, Travel from nation wide as ministries learning aspects and higher education developing divine healthy interests meant to grow our developing a idiolectal human corrections and higher education connecting together with No Child left behind Act. as my personal fundamental educated and organized Ideal of No Inmate Left behind leads America to the developments of high education Act of Congress in today's public schools performing this duty of Act. No child left behind Law in America already declared. Further education myself in History and governmental congregations of developments of Ideals set in stone by our first leading founders. Recognizing the stakes and high risks persevered through america's trials and tribulations of trail of tears and treason for season and Biosin, as poetry and hunting for buffalo on our sacred beautiful land we recognize our constructs and constitutes as congruent as today's Law started by our four beginning Presidents Abraham Lincoln, Thomas Jefferson, Theodore Roosevelt and George Washington and the Gibson and Robinson Law was placed into motion with the gettysburg address addressed each situation that arose as the monumental fort robinson 2.3 million acres of land having mineral law has beautifully and wonderfully made crazy horse monument in black hills gold South Dakota where its Mine. I'd like to invite you into today's history and foundations where its Mine located near Mt. Rushmore on this beautiful land. Today educated more than yesterday as faithfully still believing in all the people as unity brings us together and we trust in God alone while he travels with us far and wide till i reach the other side, through the melody trees he sweetly whispers joyful promises of prospering and never leading astray as we gently are guided through days without rain, days holding too much pain as we without strength provided only from God go weary. the stars and the sun even Sacagawea and even lewis and clark traveled through as we remember every hard step they faced in order to come across what we see with thankfulness the monuments and statues in honor of each sacrificed life that had Faith as we continue on for we are a beautiful people they risked their lives for. Faith, Hope and Love recognises the importance of unity and love over money as government slowly has fallen away from the love of faith and our covenant to this land and to our fathers and to ourselves as we choose free will and nobody decided or controled or individual behaviors but if one world order shall be Adult Hitler in communication with pharmaceuticals and physician Albert Einstein in the early 1990's multiplying minerals together in adoration to Stupor finding Pustular chemical Phar matter waves determine behavior first chemically received by three parts and neutrons dendrites sending off messages to the replicators of motion control. therefore if you have a subject acting out of control we must order a prescription for the behaved subject in this matter of ordained communication. communication with God in authority as we go without allowing control to govern over addressed authorities as we the population are forever Acting and Motioning in congress as we lay down the law with legislations and dedications to independencies having compliance to our independent constructions as God above leads the trials when court is adjourned and prison is to facilitate an operation of correction as government seems to institutionalize and isolate and control and condemn and separate us from ourselves our children and our God, in each and every courtroom sworn to by oath is a declaration of correction as lives are dedicated to restoring a fallen brethren gently is one shall have found to of stumbled and pledge of allegiance it to faithfully guide, nurture, teach, govern, as we shall not judge and use disciplinary Acts against one another.

According to the Law it states possession is 9/10's of the law, meaning if the correctional facility has possession of each inmate than Education is before law and the Act already joint together being No Child left behind law Act. God's holy word sworn each oath on so help me God, i find hard evidence to reasonably believe God is the God who entrusts us with our children, he is the god of reconciliation and unity and forgiveness and love without looking into a brother or sisters sawdust as you yourself judge with a plank in your own forever changing law practiced against each individual condemning them when god above states correction out of gentleness and love. Level of judges opinion and reality of the mathematical equation is positive over negative in the long run and having in mind as we hold the same like mind as christ i'll bring to the attention simple yet highly and fundamentally important for both a Child and their parental structures with facts by physical reasoning as displayed every day by the government and child protected services and today's population.

Structuring families as No Child left behind brings neutralization and creativity as child fundamentals develop and construct together with parental guidance and correction was received and created together with the child adolescent with behaviors as the adult in corrections is receiving constructed criticism and healthy fundamentals of higher correction. No longer breaking apart but molding together the reconciliation of separated parents to student adolescent children in America's public education foundations. Constructing together starting with the out of control, rebellious behavior from the adult as the child has been overlooked and placed at blame and fault for normal behaviours of anger and neglect and separation anxiety following with depression and negative energy waiting to feed on more negative. The atmosphere of negative energy creates such ignored tension within the room of positive as negative disappointment causes distress and disconnection and destruction in our children's behavior. This behavior seems to build into rebellion as the adolescent I believe doesn't necessarily have behavior problems or bad qualities as a child or teenager more or less the lack of parental guidance and parental stability enabling constructed environments with healthy educated structure fundamentally reciprocating and developing adult behavior when the perspective belongs to the child having parentals in and out of correction facilities and institutes.

The lack of personal time and the development growth importance between a child, teen adolescent and young adult muchuring into the a responsible leader mentalities as a mature young adult guiding the structures of the next generation as lead by example by the constructs of individual families creating together individually the individualities and personalities of leadership recommendations, having positions teaching and constructing together healthy environmental controlled healthy, respected, and morality agreements in civilization and development in today's governing and reconstructing forums and states and stakes of our states as well as our own state of mind stemming from individuality in populations or society and general public forming together structures and establishments of public schooling and higher education as well as the homeschooling act and no child left behind acts. This giving each individual the option of equal

opportunity rights and rights to employment acts as we grow the government daily as the states pledge of allegiance to our states congress and confederate constitutions and legislations.

placing together in motion and acts in government establishing economic legislative foundation as dedication constructs liberty and justice for all as Faith and unity hold the structures of the united states of america together. National Monument in plymouth massachusetts construct 150 ft in remembrance to this educational foundational pledge to allegiance to which is stands and one world order, under God we have arranged services consolidation in pharmaceutical pharmacy and control. Looking into general population for stupor motor control of the temporal lobe. While pharmaceutical and medical psychiatric impressions address what the ions have been conscientiously witnesses to as controlling behavior is topic on subject and child and teenage adolescents in the construct of americas general and populated communities.

IN HOPES TO LOWER PERCENTAGES OF HIGH SCHOOL TEEN SHOOTINGS

Discuss first the negative already happening in America

- Child separation anxiety and inmate anxiety caused by separation. created by separating parental bonds from their children entrusted to them from God alone.
- Child Depression and isolation created by separation the child from the parent creating a broken depressed window of deception, in a child's thought pattern process while the parent receives correction
- Child loss of focus and drive to study academics as disappointment and frustration leading to rebellion
- Child behaviors begin to alter and decisions normally made are not likely made at a point of reacting to separation as withdrawn
- Child counselling and medication become a stimulate a curiosity for other drugs and developed behaviors such as violence and weapons brought to school as a threat, caused by rebellion created from separation leading to each high school shooting already happening.

First we are held together by Faith and Morality as Education is followed, then Law and Justice as this 150 ft granite monument was laid in (1888) before us and the states were put together and God Before all states in God we Trust and Unity and Justice for all. Keeping the original Ideals and foundations in America's Law and Education is at most importance as our Declaration of independence and signature of our bill of rights and acts. and Revolutionary war and civil war matters as Native and English and pilgrim fought for peace and unity amongst our people as the fourth of July is our celebration of freedom and justice for all its independence day. we became free from england as we traveled here by boat, the mayflower and plymouth is where the journey first began and many days and many nights through the wilderness as pillar by day and smoke by night led the way to freedom and unity as faith hope and love remains even through the seasons of treaty as what was believed to declared war was our freedom of speech for women and our equal rights for all colors as we are all God's chosen people lead here for a reason. Agreement laid down upon congress moving into motion as on act and agreements were the argument and government for the first time declared this land in my land this land is your land from the rhode top mountains to the flat plain grounds this land is solid as it was maid for you and me. in remembrance there has been placed monuments as Cape cod Beach was port docks for the mayflower as peace and justice for all set together the next and our laws were put into legislation and motioning to unity and justice as Faith, in God we trust was before the love of money as the bloody west virginia war was disputed as trade industry and trail of tears and our seven Most Beautiful Languages Sioux, Crazy horse Chief lead Lakotas and Cherokee people through tears south Dakota, sue, chinook flathead washington, lame deer montana, Bloody massacre virginia, wyoming Biocin city after was broke out and land owner title was place we needed hunters for buffalo as this was the reasoning of war and disrespect in the beginning as sacred stories and family traditions were held inside many brave warriors of faith gathered around to declare peace within our souls as God we trust in and provision of trade and marketing produced our crops and warmth and freedom as control started becoming greedy, is when God spoke Love or money have faith as God is faithful to those who believe and trust without reason as the seasons changed.

Structure and stability is developed in the adolescents fundamental behaviors of human aspect and stupor as the motor behavior is chemically controlled by Pustular chemical as the ions attracted to opposite electric charges and indicators are reciprocated as behavior becomes at a state of confusion or rebellion, caused by separation and anxieties with worry. This produces such depression and even isolation in an adolescent creating tension and frustration and loss of focus. If we continue to blame the child and look past his or her needs this ultimately has already lead to high school dropouts, teen pregnancy, and shootings in high schools, this has taken place even in local areas of Longview Wa, RA Long High School where they had threats just last year and closed the school down for the day.

At the teenage adolescent in favor we look to pharmaceutical balancers and stabilizers found in Alpha Quarts. This chemical made up of on of the top stabilizers in ADHD and ADD and depressed children whom seem to be not stable with a temporary condition due to circumstances in environment and personal actions of release and stability. Alpha is a Chemical used to withstand normal control of environmental development and communicational reasoning, producing structure and stability and confidence as stress is reduced and we as a team are aware of child's complications during the separation and environmental change process of child's brainstems develop Hippocampus chemical as the structure of human aspects already developed seep into the memory functions out of the Limbic, next to the child's Temporal Lobe as molecules and atoms amygdala cingulate gyrus, the hypothalamus and the cerebellum in the back of the brain develop a connection of the breathing, oxygen equilibrium and blood pressure. this chemical synapse receives and signals what is then called binds neurotransmitter of reaction of the human chemical aspects produced inside human fundamentals and chemical analogy of reinforcing strands of brainstems produced in today's communication membranes and functioning adam and neutrons just through the three chemical chambers of dendrites as messages are reciprocated and acknowledged by first then the think tank process of photosynthesis triggering memory glands of motor control as dendrites create waves of electric matter determination the size of atoms and molecules that then salts interact with the stupor as mentioned just above. This make up of processed molecules and electrons and neutrons and oxygen levels of photosynthesis can also develop Catatonia making contact with not only behaviors in motion and reciprocating contact but also psychiatric such as schizophrenia. this also depending on the adolescents think tank process of evillious and chemical imbalances of dendrites producing motor control of behavior and consciousness which may then also depend on the constant transmission of chemicals signaling from then the brainstem of thalamus to the cerebrum while connected by neural pathways called reticular activating system RAS eyelids are open for impressions this being ions and eretna and pigment formality tunneling into the brainstem fundamentals of human developmental and behavioral tory stupor acknowledgments reciprocated and developed by actions displayed directly in home environments and or school environments needing more control in today's action responding social security and even populated media and reporting news channels involving dysfunction and cause, Creating only hostility, anger and frustration for many families and social media workers as teachers come together with strategies bringing Faith and morality back into reality Education as law and justice intervene with misbehaved population in today's criminal society and dysfunctional behaviors undergoing to correctional facilities.

All subjects influenced by No Inmate left behind, leads America to no Child left behind Act. As we press into a new Motion and Law ordaning legislation to congress into constitutes and agree to its Act of No inmate left behind. This creating stability and structure within reasoning and monitoring for mandates and opinion include. Goal oriented and stabilizing in the reduction of separation of parentals and corrections in a program built and established for the child's best interests and behaviors acknowledged from inside the child's heart before displayed into rebellion and actions already displayed before them. For the questioning parents and staff members of public school district and human resources of Handicapped adolescents. Increasing emphasis in the United states creating barriers that separated normal people, imarired, deaf. The anxieties and stress as well as depression and loss of focus and drive to study and develop adult fundamentals as doubt controls the altered mind from the reality of the parents love and nurturing stabilization hoped for by the parentals locked in institutes having an unheard voice as separation between the children had developed through both normal and handicapped children as stress related indicators develop a more challenging process for families in handicapped areas.

Separation between the children had developed through discussion in 1952 time as public schools changed in foundations and color. numbering in 10 % spoke up for high education for the children as it further came to agree in unity aligning the law of order and justice to continue the Act of No child left behind in the United states of America assembling together in all founding school districts and education facilities of Elementary, middle and high school foundations established to uphold new Act of congress and government Law no child left behind motion mandate of legislation as we pledged the pledge of: I pledge of allegiance to the united states of america and witches stands one nation under god, indivisible and justice for all. Just as then the question was addressed in the handicap student rights to special needs programs and (TA's) teachers assistance giving undivided attention upon individuals if necessary according to student records and parental guidance structured within each home environment, as well as the normal student teaching rights to after school studies and one on one communicating academics as structure for both human aspects of developmental and fundamental assessments acknowledged and evaluating each individual child's nurtured and carefully addressed impairments if any at all. This being enough on small children, having parentals, teachers, bus drivers and every day career leading academics per schedule, let's go to mention disciplinary acts or even chore time, is there even time for quality time and healthy bonding with loving structures of love and logics or even shepherding a child's heart. Having boundaries set in relations and structures of statistics holding each to their own as Faith, Morality, Education, Law and justice hold the foundations of america together as national monument in South Dakota Mt. Rushmore having our four founding fathers faces displaying freedom rights and declarations set in stone as motions and bill of acts became our congress and law in order to mandate the thirteen original colonies and constitutions of Declaration of Independence Day being the 4th of july. Our freedom of speech and declaration of departure as we were overseas and was was finally finished back at home as we docked here crossing Cape cod beach in plymouth massachusetts as foundations were laid and granite stone was poured 150 feet tall statue of statutes and states in America's foundation and land owning 2.3 million acres of land in native american forts as pine ridge Arkansas fort Robinson and tear of trails through west virginia the bloody was over trade and market industries as hunters were needed for bison and buffalo in wyoming as lewis rock was traveling along his journey from plymouth rock in massachusetts reached the other side. first through the Alimony in texas and Gibson fort and George washington Gibson addressed the gettysburg and iceberg sank the tank as we pilgrims come with peace and have Faith in God as we pledge for unity and Liberty as librigations and legislations congressed together states of confederacy.
